LOG NO: 2010.0839
DOC NO: 1003TD05
Archaeology

Dear Mr. Nash:

Subject: **Chapter 6E-42 Historic Preservation Review –
Hawai'i County Grading Permit for a 1.7-Acre Property on Kukila Street
Waiakea Ahupua'a, South Hilo District, Island of Hawai'i
TMK: (3) 2-2-047: 059**

Thank you for requesting our review of the proposed application, which was received in our office February 24, 2010. The subject property is currently developed as a gas station and is located in the industrial area of Hilo. The permit will allow for the creation of additional parking spaces.

We determine that **no historic properties will be affected** by this project because:

- ☒ Development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inspection found no historic properties in this project area
- ☐ Other

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Aloha,

Archaeology

Dear Mr. Nash:

Subject: **Chapter 6E-42 Historic Preservation Review –
Hawai'i County Grading Permit for 1.5 Acres in the Shipman Industrial Park
Kea'au Ahupua'a, Puna District, Island of Hawai'i
TMK: (3) 1-6-151: 006**

Thank you for requesting our review of the proposed application, which was received in our office February 24, 2010. The subject property is located within an industrial park area that has been previously grubbed and graded for infrastructure improvements. Prior to this use, the area was used for mechanized sugar cultivation.

We determine that **no historic properties will be affected** by this project because:

- ☒ Development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inspection found no historic properties in this project area
- ☒ Other: *Aerial photo dating to c. 2003 indicates that the property has been grubbed*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Aloha,

A handwritten signature in black ink, appearing to read "Theresa K. Donham", is written over a horizontal line.

Architecture

Dear Mr. Lanier:

SUBJECT: Section 106 (NHPA) Consultation
Eliminate Large Capacity Cesspools at Bldgs 2110, 2115, 3220, 3510, 4002 and 3004
Phase V
Hickam Air Force Base, Island of O'ahu
TMK: (1)-9-9-01:013

This is in regards to the submittal received by the State Historic Preservation Division of February 1, 2010. Construction of septic systems include percolation testing, excavation of septic tanks and leach field sites, installation of tanks and fields and site restoration at each building location. Buildings 2110, 2115, 3220, 4002 are located in a low probability area for archaeological concerns. Buildings 3004 and 3510 are located near areas where human remains have been found. An archaeologist will be on site to monitor construction related to this project at buildings 3004 and 3510. We concur with the "no adverse effect" determination for this project.

Thank you for the opportunity to comment. Should you have any questions regarding this review, please call me, at (808) 692-8015.

Sincerely,

A handwritten signature in cursive script that reads "Nancy A. McMahon".

LOG: 2010.0365

DOC: 1003RS08

TO: Bishop Museum
1525 Bernice Street
Honolulu, HI 96817

SUBJECT: Chapter 6E-10 Historic Preservation Review / New Air Conditioning Condensers
Permit # A2010-02-1258
Building Owner: Bishop Museum
Location: Science Adventure Center
Tax Map Key: (1) 1-6-024:001

The Bishop Museum is listed on the Hawaii and National Registers of Historic Places (Site No. 50-80-14-9353, dated September 10, 1980 and July 26, 1982 respectively). The Science Adventure Center is a recent addition to the Bishop Museum campus and is not considered historic.

The project entails installation of air conditioning condensers to the Science Adventure Center because the present equipment is inadequate to cool the building. The area of potential affect would be the makai perimeter of the building and the utility driveway between the building and the H-1 Freeway.

The view mauka from the H-1 Freeway is the most common panorama seen by most residents of the Bishop Museum's Historic Hawaii and Pauahi Halls. Notkin Hawaii, Inc., designers of the Science Adventure Center project, have agreed to screen the new maintenance equipment by moving the proposed condenser locations Ewa of a line "8" located on Sheet M-2 of the building plans. Line 8 is perpendicular to the Science Adventure Center makai wall and extends to the Diamond Head end of a utility area wall which already hides a transformer.

Based upon this information, **the project will have no effect on historic properties.**

Any questions should be sent to Ross W. Stephenson, SHPD Historian, at (808) 692-8028 or ross.w.stephenson@hawaii.gov.

Mahalo for the opportunity to comment.

Architecture

Dear Ms. Andrade:

**SUBJECT: Chapter 6E-42 (HRS) Review – (RESUBMITTAL)
Kenneth A. Vares Residence – Proposed Addition/Alteration of an Attached
Accessory Dwelling Over 50 Years Old
Located at 217 West Kauai Street
County of Maui, Planning Department, Building Permit Application #B T2009-1587
Kahului, Island of Maui, Hawaii
TMK: (2) 3-8-022:023**

This is in regards to the resubmittal including digital photographs and a historic resources inventory survey for the proposed addition/alteration of a residence over 50 years old. The property is not listed on the State or National Registers of Historic Places. Our determination for the proposed work is **“no historic properties affected.”**

The property was built in 1954, more than 50 years ago, therefore qualifying it for a “historic property” designation. Due to modifications there are few character-defining features remaining, therefore the property has lost its historic integrity.

The historic preservation review process is completed. Work may proceed on the proposed project.

Thank you for the opportunity to comment. Should you have any questions regarding architectural concerns, please call Susan Tasaki at (808) 692-8015.

Sincerely,

(Kukuiula Development Co)
Installation of Spillway channel at Manuhonuhonu Dam & Reservoir
Koloa Ahupua'a, Koloa District, Kaua'i, Hawai'i
TMK: (4) 2-6-015: 001, 2-6-018: 062**

Thank you for the opportunity to review this project which we received on January 28, 2010 for grading of 0.4 acres.

We determine that there will be **no historic properties affected** by this project because:

- ☒ Intensive cultivation has altered the land
- ☐ Residential development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ An accepted archaeological inventory survey (AIS) found no historic properties
- ☐ SHPD previously reviewed this project and mitigation has been completed
- ☐ Other:

In the event that historic resources, including human skeletal remains, are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance and please contact the State Historic Preservation Division at (808) 692-8015.

Dear Mr. Tanoue:

**SUBJECT: Chapter 6E-42 Historic Preservation Review – (A2009-07-00615)
Building Permit Application (Waikiki Grand Hotel AOA)
New Grease Traps
Waikiki Ahupua'a, Honolulu District, O'ahu, Hawai'i
TMK: (1) 2-6-027: 31, 32**

Thank you for the opportunity to provide comments on the aforementioned building permit application, which we received on February 19, 2010. The proposed project is the installation of a new grease trap. These ground disturbing activities have the potential to impact significant historic properties.

The Waikiki region of Honolulu has been demonstrated by various reports, on file at the State Historic Preservation Division, to contain a high probability of unidentified historically significant resources, traditional and/or historic, including human remains/burials. Burial sites have been identified in the same physiographic environment in Waikiki as the subject property.

Recent archaeological projects conducted to the east and west of the parcel have identified significant archaeological/cultural resources at the same distance from the coastline. Though the area has been filled in the early 20th century, the probability of historic properties, including burials, is high.

In order for this project to have "no **affect on historic properties**", we recommend the following conditions be attached to this permit:

1) That the construction of the grease interceptor be monitored by an archaeological monitor during ground disturbing activities associated with the installation.

2). If significant historic sites are found, then proposed mitigation (*i.e.*, monitoring plan, burial treatment plan, data recovery plan, preservation plan) shall be submitted for review and approval by SHPD.

The Hawai'i State Preservation Division website contains a listing of local firms (<http://www.hawaii.gov/dlnr/hpd/archcon.htm>). We recommend archaeological consultants to contact us, to prepare a basic scope of work (which can be forwarded to us for review) *before* starting the work, in order to ensure that the study meets the requirements of HAR Chapter 13-276. In this way, the archaeological inventory survey could be conducted in an economical and efficient manner, while still fulfilling the basic requirements of HAR Chapter 13-276.

Please contact me at (808) 692-8015 if you have any questions or concerns regarding this letter.

Dear Ms. Leithead-Todd:

Subject: **Chapter 6E-42 Historic Preservation Review –
Hawai'i County Special Permit Application
Mokuhonua Ahupua'a, South Hilo District, Island of Hawai'i
TMK: (3) 2-6-32: 015**

Thank you for requesting our review of the subject permit, which was received in our office January 14, 2010. The permit pertains to non-agricultural uses of a 0.66-acre portion of an 8-acre agricultural zoned parcel, which contains a 6,200 sf. metal warehouse. As described in the application, there will be no new construction or ground disturbance in connection with this permit, which is after-the-fact. We have previously reviewed this project and a copy of our letter dated October 27, 2009 is attached to the application as Appendix A (Log 2009.4045, Doc 0910TD39).

We determine that **no historic properties will be affected** by this project because:

- ☒ Intensive cultivation has altered the land
- ☒ Development/construction has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inventory survey found no historic properties in this project area
- ☐ SHPD previously reviewed this project area and mitigation has been completed
- ☒ Other: *No new construction or ground alteration will occur in connection with this permit*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Dear Ms. Leithead-Todd:

**Subject: Chapter 6E-42 Historic Preservation Review –
Change of Zone Application (REZ 09-000104)
Waiakea Ahupua`a, South Hilo District, Island of Hawai`i
TMK: (3) 2-4-28: 009**

Thank you for requesting our review of the subject permit, which was received in our office December 10, 2009. The applicant proposes to subdivide a 3.292-acre parcel into various sized lots and change the zoning from RS-7.5 to RM-2.5. We have commented on this application in June 2009 (log 2009.2481, Doc 0906MD35) and in October 2009 (Log 2009.4012, Doc 0910TD31).

We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☒ Development/construction has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inventory survey found no historic properties in this project area
- ☒ SHPD previously determined that no historic properties would be affected by the action
- ☒ Other: *All extant structures are less than twenty years in age*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Hawaii County Change in Zoning Application for 735 Manono Street, Hilo
Waiakea Ahupua'a, South Hilo District, Island of Hawai'i (REZ 10-000118)
TMK: (3) 2-2-034: 082**

Thank you for requesting our review of the proposed change in zoning application, which was received in our office February 17, 2010. The applicant is requesting a change from single-Family Residential (RS-10) to Neighborhood Commercial zoning (CN-10) for a 9,678-square foot parcel. The property is currently vacant; a former dwelling was demolished and the property has been graded level. A site inspection was conducted of the property on December 7, 2009 by SHPD Staff, confirming that there are no historic properties present. We have previously commented on this application and a copy of our letter dated December 7, 2009 is attached to the application. We have no new information that would cause a change in our prior determination.

We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☒ Development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inventory survey found no historic properties in this project area
- ☐ SHPD previously reviewed this project area and mitigation has been completed
- ☒ Other: *Inspection of the property by SHPD confirmed that no historic properties are present*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Aloha,

LOG NO: 2010.0802
DOC NO: 1003TD11
Archaeology

Dear Ms. Leithead-Todd:

**SUBJECT: Chapter 6E-42 Historic Preservation Review –
Use Permit Application for an Adult Day Care Center (USE 10-000018)
Honumu Ahupua`a, South Hilo District, Island of Hawai'i
TMK: (3) 2-8-014: 003**

Thank you for requesting our review of the subject permit, which was received in our office February 17, 2010. The applicant proposes to provide adult day care in an existing church hall on the campus of the Hilo Coast United Church of Christ in Honumu. The facility is approximately 10 years in age and will not be modified in connection with this permit.

We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☒ Development/construction has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☒ No new construction or land alteration is proposed in connection with this permit
- ☐ SHPD previously determined that no historic properties would be affected by the action
- ☒ Other: *All extant structures are less than twenty years in age*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

Aloha,

Dear Mr. Herberti:

**SUBJECT: Chapter 6E-42 Historic Preservation Review –
Request for Comment on a Grading Permit Application for 0.17 Acres
Haleki'i Ahupua'a, South Kona District, Island of Hawai'i
TMK: (3) 8-1-022:102 (por.)**

Thank you for the opportunity to comment on the aforementioned project, which we received on January 19, 2010. We apologize for the delay in our reply. Photographs submitted with the application document that the lot was cleared of vegetation on January 13, 2010 showing exposed bedrock. Recent building construction in surrounding lots have not uncovered historic properties in this subdivision. We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☐ Residential development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ An accepted archaeological inventory survey (AIS) found no historic properties
- ☐ SHPD previously reviewed this project and mitigation has been completed
- ☐ Other:

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately at (808) 933-7653. If you have questions about this letter please contact Morgan Davis at (808) 896-0514 or via email to: morgan.e.davis@hawaii.gov.

Dear Mr. Spencer:

**SUBJECT: Chapter 6E-8 Historic Preservation Review –
Revised: Request for Comment on a Grading Permit Application for 0.92 Acres
across Multiple Parcels
Pu'ukapu 1st Ahupua'a, South Kohala District, Island of Hawai'i
TMK: (3) 6-4-035:093 and 099; 6-4-038:001, 006, 024, 066 & 071 (all, por.)**

This letter corrects/updates the TMKs affected by this project from our prior correspondence (*Doc No. 1003MD04*). This project entails grading for the Pu'ukapu Hybrid Water System. We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☐ Residential development/urbanization has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☒ An accepted archaeological inventory survey (AIS) found no historic properties
- ☐ SHPD previously reviewed this project and mitigation has been completed
- ☒ Other: *An archaeological assessment was conducted on this parcel (Rechtman 2009) and SHPD determined that no further work is required (Log No. 2009.3260, Doc No. 0909MD01 and Log No. 2009.4153, Doc No. 0912MD10).*

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately at (808) 933-7653. If you have questions about this letter please contact Morgan Davis at (808) 896-0514 or via email to: morgan.e.davis@hawaii.gov.

Request for Comment on a Special Use Application for an Existing Warehouse
Pu'ukapu Ahupua'a, South Kohala District, Island of Hawai'i
TMK: (3) 6-4-006:001 (por.)**

Thank you for the opportunity to comment on the aforementioned project, which we received March 9, 2010. This project entails utilizing an existing warehouse for an auto repair shop. We determine that **no historic properties will be affected** by this project because:

- ☐ Intensive cultivation has altered the land
- ☐ Residential development/urbanization has altered the land
- ☐ Previous grubbing/grading has altered the land
- ☐ An accepted archaeological inventory survey (AIS) found no historic properties
- ☐ SHPD previously reviewed this project and mitigation has been completed
- ☒ Other: *This permit application does not involve any ground-altering activity.*

In the event that historic resources, including human skeletal remains, cultural materials, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work needs to cease in the immediate vicinity of the find, the find needs to be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, needs to be contacted immediately at (808) 933-7653. Dear Mr. Richardson:

Subject: **Chapter 6E-42 Historic Preservation Review –
Hawai'i County Stockpiling Permit in Connection with a County Water Facility
Kahuku Ahupua'a, Ka'u District, Island of Hawai'i
TMK: (3) 9-2-093: 009**

Thank you for requesting our review of the proposed application, which was received in our office March 1, 2010. The permit is associated with a proposed potable water access facility at Hawaiian Ocean View Estates subdivision. The subject stockpile location is adjacent to the Hawaii Belt Road right-of-way. We have no records of known historic properties within or near the project area.

We determine that **no historic properties will be affected** by this project because:

- ☐ Development/urbanization has altered the land
- ☒ Previous grubbing/grading has altered the land
- ☐ A previous archaeological inspection found no historic properties in this project area
- ☒ Other: *Aerial photography of the location indicates that it has been cleared and landscaped*

In the event that historic resources, including human skeletal remains, lava tubes, and lava blisters/bubbles are identified during the construction activities, all work should cease in the immediate vicinity of the find, the find should be protected from additional disturbance, and the State Historic Preservation Division, Hawaii Island Section, should be contacted immediately at (808) 933-7653. Please contact Theresa K. Donham at (808) 933-7653 if you have any questions or concerns regarding this letter.

DATE: March 10, 2010

LOG: 2010.0588

DOC: 1003RS19

TO: Department of Planning and Permitting
City and County of Honolulu
650 South King Street
Honolulu, HI 96813

SUBJECT: Chapter 6E-10 Historic Preservation Review / Parking, Walkway, HVAC,
Electrical, FSPK, and Architectural Improvements
Permit # A2010-02-0610
Building Owner: Bishop Museum
Location: 1525 Bernice Street, Kalihi
Tax Map Key: (1) 1-6-024:001

The Bishop Museum complex is listed on the Hawaii Register of Historic Places (No. 80-14-1353 since September 10, 1980) and the National Register of Historic Places (since July 26, 1982). The property is also the original location of the Kamehameha Schools.

The Bishop Museum complex is undergoing a series of retrofits to accommodate Americans with Disabilities Act requirements, circulatory and electrical upgrades, and architectural improvements.

Parking and walkway changes are proposed to add to the number of available parking places by rearranging stalls, adding sidewalks, and redoing existing sidewalks to/from the main Diamond Head parking lot and approaches to the Jabulka Entrance Pavilion. Ramps would be constructed and sidewalk leveling undertaken.

Work on buildings will focus on the Entry Tower and Long Gallery.

The Entry Tower will benefit from new hidden fire sprinkler and electrical systems, recessed lighting, a koa handrail, and refinishing work.

The Long Gallery will gain a new wood ceiling below the existing beams in order to hide fire sprinklers, air conditioning ducts, and electrical wiring. The 1954 world mural will be stored. Shutters and iron bars over windows will be removed. The windows themselves will be repaired. The existing copper sliding door between Hawaiian Hall and the Long Gallery will be covered over on the Long Gallery side to provide more display space. The ceiling will be of finished wood.

The area of potential effect will be contained within the Museum grounds.

Sidewalk replacement and additions will occur in areas already disturbed.

DOC NO: 1003ST06
Architecture

Dear Mr. Lucas:

**SUBJECT: Chapter 6E-42 (HRS) Review
Richard Lucas Residence – Relocation of Existing Single-Family Dwelling Over 50
Years Old, Located at 16 Homelani Place (Paia) to 15 Hohonani Place (Haiku)
Building Permit Application #B T2010-0141 & 0142, Paia and Haiku, Island of
Maui, Hawaii, TMK: (2) 2-6-004:027 and (2) 2-7-013:201**

This is in regards to the submittal for relocation of an existing dwelling that is not listed on the State or National Registers of Historic Places. A site and parcel plan were submitted, however photographs and a historic resources inventory survey were not submitted. We are not able to make a determination at this time.

The property was built in 1925, more than 50 years ago, therefore qualifying it for a "historic property" designation and possibly making it eligible for listing on the State Register of Historic Places. Before a determination can be made, we request submittal of the following:

- Photographic documentation meeting the National Park Service's requirements (see attached) of the exterior, interior, and of the house as it is located on the parcel;
- A completed historic resources inventory survey of the house (see attached); the significance statement could include such information as the house's previous owners and if it was part of a plantation or housing development.

Thank you for the opportunity to comment. Should you have any questions regarding architectural concerns, please call Susan Tasaki at (808) 692-8015.

Sincerely,

A handwritten signature in black ink, appearing to read "Puaalaokalani Aiu".

Dear M/M Tau`a:

**SUBJECT: Chapter 6E-42 (HRS) Review
Murphy and Paulette Tau`a Residence – Demolition of Existing Single-Family
Dwelling Over 50 Years Old
Located at 206 Kaupakalua Road
Building Permit Application #B T2009-1430
Haiku, Island of Maui, Hawaii
TMK: (2) 3-4-021:067**

This is in regards to the submittal for demolition of an existing dwelling that is not listed on the State or National Registers of Historic Places. Photographs, a historic resources inventory survey, a site and parcel plan were submitted. Our determination for the proposed demolition is **"no historic properties affected."**

The property was built more than 90 years ago, therefore qualifying it for a "historic property" designation. Based on the photographs, the house is in a collapsed state. Therefore it has lost its integrity and is not eligible for listing on the State Historic Register of Historic Places.

The historic preservation review process is concluded. Work may proceed on the proposed project.

Thank you for the opportunity to comment. Should you have any questions regarding architectural concerns, please call Susan Tasaki at (808) 692-8015.

Sincerely,

A handwritten signature in black ink, appearing to read "Puakaalani Aiu".
